

RAYCHEM

## CONNECTION KIT FOR PI HEATERS, HEAT SHRINK, NON-ATEX

nVent RAYCHEM CS20-2.5-PI-NH is a heat shrinkable polymer kit for the connection and termination of polymer insulated (PI) series resistance heating cables to cold leads. The kit is designed for use with junction boxes with M20 entries and allows to terminate circuits up to 25 A. The kit includes all materials for heating cable and cold lead connection, as well as the glands to terminate the cold lead in the junction box.

### FEATURES & BENEFITS

Non-hazardous, heat shrink technology

Low profile and complete set: suitable for direct installation under the insulation and connection into the junction box

Reliable during long life: 10 year product warranty available

### SPECIFICATIONS

**Connection Type** Heat Shrinking Technique

**Model** Heating Cable/Connection Cable

**Voltage Rating**  $\leq 750$  V

**Current Rating** 25 A

**Max Cold Lead Size** 2.5 mm<sup>2</sup>

**Area Classification** Non-Hazardous

**Max Operating Temperature** 205 °C
